HISTORY

Our Charlotte's Home Sauvignon Blanc is grown in vineyards where well-drained mineral rich soils join with sun drenched days and cool evenings. This ideal setting allows for a light, crisp and highly authentic Sonoma County Sauvignon Blanc.

THE VINTAGE AND VINEYARD

The 2023 vintage is not one we will soon forget. A cool and wet winter led to a budbreak 2-3 weeks later than average. Daytime temperatures throughout the growing season continued to be unusually cool, with averages in the low 70s and the warmest days just reaching into the low 80s. This led to an exceptionally late harvest – over a full month later than 2022, offering the grapes an extended hang time to develop extraordinary complexity and concentration. The even cooler nights, preserved fresh acidity and created beautiful balance with the season's generous ripe fruit flavors.

TASTING

Fresh, bright, and crisp, this Sauvignon Blanc is a wine of balance, richness, and aromatic complexity. Leading with zesty citrus notes of grapefruit, Meyer Lemon, and a light grassiness, this wine gives way to more tropical fruit and melon characteristics. This classic Sonoma County style Sauvignon Blanc finishes with clean, refreshing acidity and pairs beautifully with toasted brie, seared scallops, oysters with mignonette or fresh pasta with sweet peas and a lemon cream sauce.
